## **DETAILED ACTION**

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The applied prior art of record does not teach or suggest a printed, reduced odor packaging material as recited in claim 1 or 33 comprising a reactive composition comprising a bisulfite, hydrazide, hydrazine, triazine, triazole, imidazoline, or a semicarbazide and there is no motivation to combine the references and the references alone fail to teach the claimed invention. Thus, the invention is allowable based on these differences.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
